All it takes is for you to stand in  
front of someone who is  
protesting something with a  
smirk on your face. You don't  
even have to say anything.  
You'll get on tv for sure!!

Hahaha. I had a sitch where  
three people were recording  
me, one was a news guy. That  
probably ended up  
somewhere but I don't follow  
the right accounts. An Antifa  
dude was about 1 inch from my  
face and talking smack. I  
just stood there.

Speed, I take it you would not agree with Biden's assessment of antifa that "it's an idea, not an organization." 1/1/2021 7:55:24 PM

1/2/2021 8:05:46 PM Speed:  
Haha I would go farther than that. It's an org, but it's not even new, it has the same goals and tactics as the Antifa of the 1920's. Almost the same flag, similar funding source.. HS
